

GEDA® LIFT 200 STANDARD LIFT 250 COMFORT FIXLIFT 250

Proven a thousand times over – the ideal transport helper at the construction site

Easy assembly without tools

Robust workmanship

Comprehensive safety features

Variety of load handling devices

GEDA LIFT

Fast and easy installation without tools, the robust workmanship, the small footprint and the versatile application options of the GEDA LIFT have already been popular with craftspeople from all sectors for decades. There is a reason why more than 85,000 items of the traditional product from GEDA have already been sold.

Special accessories enable virtually all types of materials to be transported upwards to the roof and into the building. Whether for bricklayers, interior fitters, roofers, tilers or floor installers, the GEDA LIFT has the right load handling devices for any construction material and any application.

Three different lift options with lifting speeds up to 38 m/min are available to suit the conditions at the construction site. An AC power connection is sufficient to transport materials up to 250 kg. The load capacity depends on the design of the aluminium ladder sections, the inclination and the rail length.
